Our Lady's Catholic Primary School is a community whose mission is to know God, to love God and to serve God. It is a community created for love where we live, learn and pray together while following our dreams using the guiding light of Jesus. All our policies and procedures seek to reflect our mission within the life of the Catholic Church and her teaching.

Accessibility Plan

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA:

1. not to treat disabled pupils less favorably for a reason related to their disability;
2. to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
3. To plan to increase access to education for disabled pupils.

This plan sets out the proposals of the Proprietor/Governing Body of the school, a requirement of the Equality Act 2010, to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- a) increasing the extent to which disabled pupils can participate in the school curriculum;
- b) improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- c) Improving the delivery to disabled pupils of information, this is provided in writing for pupils who are not disabled.

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

The School's Context

Our Lady's Catholic Primary School is a caring, inclusive school. We are a mainstream school for boys and girls from reception to year 6. The school comprises of one, two storey building.

We want every child to be able to engage actively in learning and so be able to reach their full potential in all areas of school life knowing that they are cared for and supported. Children's well-being is at the centre of our life in school and the key to raising academic standards

The School's Aims

- To be at the heart of our locality by working in partnership with families

and the wider community

- To be a learning community which fosters creativity, independence and a passion for learning.
- To enable our children to develop the essential skills for a happy and fulfilled life.
- To deliver first quality teaching, with high expectations for all, that enables children to succeed and achieve their potential.
- To provide a nurturing and stimulating environment that supports and celebrates learning
- For all members of the school community to model positive, respectful relationships.

We are working within a national framework for educational inclusion provided by:

- Inclusive School (DfES 0774/2001)
- SEN & Disability Act 2001
- The SEN Revised Code of Practice 2014
- The Disability Discrimination Act (amended for school 2001)
- Code of Practice for Schools (Disability Rights Commission)
- OFSTED
- Equality Act 2010

Our Aims are to provide:

1. Full access to the curriculum
2. Full access to the physical environment
3. Full access to information

Current good practice:

The following measures are in place to support increased access for children with SEND:

- The school entrances via the car park and Key Stage 1 playground are wheelchair accessible
- The school reception area has lower sections and knee recesses for wheelchair users
- A dedicated disabled parking bay at the front of the building adjacent to the school reception entrance.
- A disabled WC.
- Doors on main circulation routes are held open on magnetic catches, linked to the fire

detection system.

- External landscapes and games areas are fully accessible to all.
- The dining hall is level and fully accessible to all pupils.
- We support pupils with both physical disabilities and learning needs to access areas of the curriculum they find difficult. Where PE is a challenge for physically impaired pupils we seek expert advice for identified individual needs.
- We consult with experts when new situations regarding pupils with disabilities are experienced.
